

# How to Fill Out Your Claim Form and Process Your Weight Circles

Separate your weight circles by brand formula and bag size.

*Tip: Keep adult and puppy weight circles separate so that you can list them separately on the claim form where requested.*

Use baggies to enclose "like" weight circles together in separate baggies

*Be sure to identify what is in the bag, along with your name and Pro Club # on each baggie. Reason for this is if they become separated from the claim form then the weight circles will indicate the person who sent them.*

... or ...

Staple "like" circles together in groups of 10 or 20

... or ...

Tape them individually to a sheet of paper. Please do not tape weight circles together.

After sorting your weight circles, take a look at the claim form and enter your points. See an [example filled out claim form here](#).

Please note that:

- the first four items of Pro Plan formulas are 12 points per lb.
- and the balance of Pro Plan and ONE formulas are 11 points per lb.
- and the other Purina formulas are 8 points per lb.
